Digital Transformation

DIGITAL TRANSFORMATION

The primary purpose of this workshop is to understand the **Why behind Digital Transformation** and what is actually Digital Transformation.

Digital Transformation is not about technology at all. It is about People

People benefit: they learn how to see Digital Transformation as an opportunity and understand the human requirements behind it. Digital Transformation has the potential to improve people's lives significantly.

Organisation benefit: Digital Transformation requires careful planning, change management, and ongoing adaptation, but its benefits are significant: Increased efficiency and productivity, Improved customer experience, New products and services, Reduced costs and Increased competitiveness.

The Program includes **ICG & Stanford Models** for Digitalisation. Participants will work around two case studies of successful digital transformations; they will discuss future-oriented organisations, leading the process & specific actions to enable Digital transformation.

The program can be configured depending on the group or specific requirements.

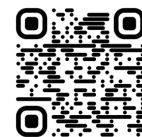

Participants: max. 15 Persons (classroom or online)

Cost: starting from ~~1.400~~ 900 EUR
